

- Goal 1** Bring each and every one of our secondary students across the finish line so that they can complete their semester.
- Goal 2** Keep elementary students engaged in their learning by assisting families with making connections to board-level and provincial resources.
- Goal 3** Have all schools connect with each of our students to confirm that they know that we are here for them.

Participation in distance learning activities will be considered to help advance mid-term marks and final report card results.
